"Hometown and Neighborhood"

Dialogue #7

"Around Our Neighborhood"

Ari

Yosef, do you live in a house or an apartment?

I live in an apartment in a tall building in the city.
What about you?

Yosef

Ari

I live in a small house in a village, with a garden and a park nearby.

That sounds nice! In my city, we have a big shopping mall, many stores, and even a museum.

Yosef

Ari

Wow! My village doesn't have a museum, but we have a small library, a school, and one restaurant.

Do you have a supermarket?

Yosef

Ari

Yes, but it's small. For big shopping, we go to the next town with a large supermarket and a hospital.

Sounds like your hometown is peaceful, but mine is busy and exciting!

Yosef
